

## SCHIZOPHRENIA

Simon's got different faces  
He ain't always the same  
Some people might think he is crazy.  
Some people might think he's insane.

He has heard all of those warnings  
Those things might turn you upside down.  
Still he changes  
while he's running out of time.

Refrain:  
Schizophrenia creeping inside.  
All those different colours, all those different lights
