

## LOOK IN

Maybe true I got used to, surely true I got old.  
'Hope it's not that I'm boring, you will tell me the truth.  
Yet this life needs no turn - around and I know what I do.  
And I'm happy it's like it is, including you.

Refrain:

And I want to be free,  
while I want you to be around.  
Yes I want to be free while  
I want you to be around.

And I'd like to have children, while I am still a child.  
Looking into mine, while into your eyes.  
But, you know, I'm still running, looking out I look in.  
I got two ideas on my mind, I hope you understand.
