

## LIFE'S WASTE

Love me or hate me, but let it be true,  
make me feel again.

Bridge:

Time's precious, time's waste -  
Depends on how you look at it.  
Life's precious, Life's waste -  
depends on you.

Many a thing I've seen in life,  
I've looked from different angles,  
but whenever what I fear becomes real,  
it still knocks me off my feet.

Bridge

Turn to the right and I turn to the left,  
but I just can't find the one way.  
Don't let all this life's experience make up a final defeat.
