

## HEAVEN OPENS UP

I think, everything you've got  
could be something thrilling to me,  
could be a thing I'd like to get into,  
could be pleasant to me.  
Babe, I'd like to get closer,  
I'd like to get straight on.  
When I get in touch with you, babe,  
I guess heaven will open up.

Refrain:  
There's a heat in my head,  
I think, I'm close to losing control.  
Want my hands to touch your skin,  
want to get in touch with you,  
C'mon girl, let's get up and down,  
let's move girl.
