

## IT TAKETH AND GIVETH

The lonely one is nobody's fool,  
but still he's fooling himself.  
So it just can't be the better way  
to hide yourself away.

Refrain:

For love, it taketh and giveth you  
and you just got to decide,  
if what you want is the lonely way,  
you want to live a free lie.

For love, it taketh and giveth you  
and changes thinking and heart,  
So you may try to live on your own,  
or try to open your heart.

A girl, she loves and she hateth you,  
depends on if she depends on you.  
She might pick you up or push you down,  
depends on, how strong you are,
